# You deserve clean, safe **PUBLIC** facilities

We are City of Winnipeg custodians. We clean libraries, aquatic and recreation facilities, and city office buildings. We not only keep public facilities clean, we are the eyes and ears that help maintain a safe environment.

Some city officials want to privatize custodial services in Winnipeg. They say it's to save money. We've shown the City many examples of where privatization costs more and delivers lower quality services.

The citizens of Winnipeg deserve to have a skilled, experienced workforce dedicated to providing clean and safe facilities – not a private company who hires low paid inexperienced workers in order to make a profit.

Quality public services are the key to strengthening neighbourhoods and communities.

**Please help keep custodial services public!**

## **Talk to your Councillor!**

City Councillors care about what you have to say. As a taxpayer and resident, your views are important.

Call or email your Councillor, and tell them how important it is to have clean and safe public facilities.

If you're not sure who your Councillor is, contact 311 or go to **winnipeg.ca/council**
